Our guest speaker was Sam, and he brought along his friend, Andrea Gladson. Sam is an 81-pound Old English Sheep Dog who travels around town as a therapy dog.

Andrea got Sam from a relative who was not going to be able to handle such a large, frisky pup. So, Andrea drove across country and brought Sam to her home in Norco.

Andrea took Sam to a basic training class where dogs learn the basics: sit, stay, here, heel. The trainer thought that Sam might be a good candidate as a therapy dog since he learned quickly and was non-aggressive, friendly around other people and was not bothered by noises.

Andrea said that Sam knows he is working when she puts on his scarf, collar and leash. Andrea does need liability insurance for Sam to be a therapy dog with the Paws of Love organization.

Sam and Andrea go to a variety of places: the library, Valencia Terrace, hospitals, Victress Bowers and to be with children when they are testifying. Andrea is open to taking Sam wherever a therapy dog is needed.

This meeting was the installation of the 2024-2025 Kiwanis Club and Foundation Boards.

Bingo dates and themes were decided: December 7- Happy Holidays; March 22- Spring Fling; May 17- Summer Fun.

Our club will be supporting a family from the Settlement House this December. Details will be forthcoming. It was also discussed that our club may support an organization (Olive Crest perhaps) in February with individual gifts for kids. This will be discussed at a later date.
